CORPORATE GIFTS

Our team shares a passion for design, a taste of bright colours and innovative brands

Prefix Design has been selecting and selling on-trend collections of decorative objects, stationery and leather goods in the Benelux since 1992. All of them bold, creative and expert brands in their field.

We love designers who interpret trends and new technologies and distinguish themselves through the design and reliability of their products.

We are always looking for new commercial projects in Belgium, the Netherlands and Luxembourg. The values that guide us also give us the motivation each day to be a preferred and meticulous supplier and to facilitate the businesses of our trade customers working with them in a way that is always rewarding.

Bieke, Sabrina, Rien-Jan & Tristan

LEXON®

With its history of almost 30 years, more than 180 design awards, productive collaborations with some of the most prestigious designers, a presence in 90 countries and more than 6,000 points of sale, as well as a significant corporate gift business, Lexon has long established itself as a French design brand known worldwide.

Its timeless collections of objects and luggage, designed for the home, office, travel or urban nomadism, combine strong identity with simplicity of use, bringing aesthetic pleasure to everyday life.

Since its creation in 1991 by René Adda, Lexon has relentlessly pushed the limits and created a difference in the world of design, while remaining true to its commitment to make small objects useful, beautiful, innovative and affordable. Whether in electronics, audio, travel accessories, office or leisure, Lexon has established a special relationship with creativity and partnered with the best designers around the world to create timeless collections of lifestyle products.

3 DECADES OF GOOD DESIGN

Over the last three decades, Lexon has been committed to bring to consumers simple and affordable design objects that are here to last. That's what made the brand globally famous with presence in the most prestigious retail channels across the world, record-breaking number of international design awards won.

kreafunk

Kreafunk is a Danish lifestyle brand that designs Bluetooth audio products that focus on the essential: the joy of music! Nothing should stop you from getting great sound. This is why the operation of our products is made as intuitive as possible. Easy-to-use audio products for those who share a true love for music.
Kreafunk bridges the gap between creativity and functionality by combining them in unique and colorful designs. All products are portable and meet fashion and interior design trends with the latest technology inside. Thought for a life on the move. Just choose your favorite. Take your Kreafunk everywhere!

KIDS COLLECTION

Kreafunk Kids bares all the trademarks of Kreafunk; Danish design, great attention to detail, easy to use, longevity and that overall feeling of a super-trooper product that you can't really let go of again.

WHEAT COLLECTION

100% RECYCLED PLASTIC
& CHARITABLE CAUSE

All Kreafunk products from AW2022 and forth will be produced from 100% recycled plastic!

—

The care series will also benefit from this. Progressing it will be 65% recycled plastic and 35% wheat fibre.
We are switching to a new Gabriel® fabric that is made from 99% recycled polyester.

Kreafunk version 2022 is not only one of the most stylish brands around, it's also one of the greenest in the entire tech industry.

Charitable cause

—

And hey! There's more.
Through the care range, we support charitable causes that work to make the world a better place. We do this with two crowns per sold care product in 2021.

Supporting a charitable cause goes well with care products and our long-term goal of reducing the amount of plastic in everything we do.

ANATOLE

Solid Color Umbrella

—
01MIBL

» SO COMPACT
17,5 CM / Ø84 CM / <250 GR
When closed, an Anatole umbrella is just about the size of a mobile phone. Optimised for fitting in a pocket or a small handbag, thanks to its very light weight.

» ECO FRIENDLY
Made 100% from recycled fabric (rPET), it ticks all the boxes in terms of quality and it helps in reducing our environmental impact.
Elegant finishings such as a wood handle and grosgrain hand straps.

» STURDY
The size resistance ratio of our umbrellas is unbeatable: reinforcements have been added to our 7 ribs with resistant and lightweight components (fiberglass and carbon mainly).

The idea to create Anatole originated in Bristol, UK, when David, who is the founder of the brand (and indeed half-British), was studying there.

Anatole was born in January 2018 and has become the first brand specializing in quality micro-umbrellas. Much more than a collection of beautiful, colorful, durable and lightweight umbrellas: Anatole helps the world to stay stylish on rainy days! The head office is located in the center of Paris.

The team's inspiration is fueled by the city, its people, its shops and its many designers. Each of the models is named after a place in Paris (Madeleine, Colette, Germain …)

Arthur® & Gusti

This is our story…

It's the story of two brothers, united by their love for life and their passion for design.

2021 sees the launch of our brand and our first collection, which revisits an object from our everyday lives and often one of the first things that we hold in the morning: the humble mug. Our aim at Arthur&Gusti is to share with you those moments of contentment spent with friends, when helpless belly laughs bring you even closer together. Let's pursue our dreams together, make the most of our happiness and keep broadening our horizons!

By introducing you to our new collection of Arthur&Gusti mugs, we're spreading a message of love, good humour and the sheer joy of living.

Arthur&Gusti. For highlighting life's special little moments!

Dishwasher safe - Microwave safe

Avolt is a Swedish based design studio that develops, designs and markets objects that extend electricity to devices, deploying scandinavian design for homes, offices, retail environments and public spaces. Connect to beauty. For too long, electrical necessities have compromised interior design and architecture. Avolt's design philosophy is minimalistic at its core and derives from the foundational, basic shapes that we know stand the test of time.

G025

Gingko is a design-led, technology-centred and people-driven company. The company was founded in Oxford, England in 2011 by Paul Sun and his wife Natalie Sun with the objective of designing and creating high-end, yet stylish and practical products for home and design-led gifts.

We bring a fresh approach to design, incorporating modern technology into everyday objects. Sometimes life can be complicated and technology too intrusive. So, the task of keeping our product lines simple yet engaging and keeping our products up to date with technology, as well as being aesthetically pleasing, has kept us driven and inspired us to create engaging new products that make our our everyday work fun.

Design, Quality & Time are our design ethos when every Gingko object is born. We give every item an ultimate, stylish look in minimalist design and craft it with our passion and love to our best standard of quality, while also creating it to last the rigours of time.

24Bottles is the Italian design brand born in 2013 to reduce the impact of disposable plastic bottles on the planet and our lives. 24Bottles believe that good design can change things for the better and help people improve their health and quality of life and look in an environmentally friendly way. Their focus is to combine form and function to offer uniquely lightweight bottles, coordinated accessories, and intelligent solutions. We aim to foster a more sustainable and comfortable lifestyle while keeping personal style in check.

« The idea of 24Bottles comes from the search for the most convenient and functional solution to meet the need to hydrate in a healthy, elegant and ecological way, day by day. The concept is to create useful and functional objects that make the world more pleasant and less polluted.»
Giovanni Randazzo and Matteo Melotti - Founders of 24Bottles

Remember brings color into the world.
Since its foundation in 1996, Remember has focused on inspiration through colors and shapes - and this has remained the case to this day. Over the years, a constantly growing range of individual design, lifestyle and gift items has been created. Whether games, fashion accessories, calendars, home, kitchen or office items - all products have one thing in common: each item is developed and designed with great passion exclusively in-house.
Remember products have won many prestigious design awards due to the high quality of design and workmanship.

Alaskan MAKER
FIER DE FAIRE

Alaskan Maker is a young brand born from several very successful crowdfunding projects.

Their range of high-end aprons sends grandma's aprons back into the closet! Intended for individuals and professionals, Alaskan Maker aprons make those who wear them proud. they have expanded their range of products with a very clear common thread, the products must be beautiful, practical and robust.

On the program: wallet, toiletry bag, brazier, log bag, lunch box as well as a complete range of luggage. Lots of great gift ideas!

Mywalit is a unique brand of colourful leather wallets, handbags, coin purses and accessories. It was founded in 2005, in Lucca, Italy, when the first shop was opened in the old Roman Amphitheatre, at the heart of the cosmopolitan shopping district of this historic town of Tuscany.

We originally concentrated on creating colourful purses and wallets before enriching our collection to include multi-coloured handbags, travel accessories and a classic yet unique Office range featuring elegant business organisers.

WIJCK.

Wijck. (Dutch for neighbourhood) designs line drawings from the world's most famous neighbourhoods, streets, buildings and cities. A must-have for every interior!
Wijck. also designs custom-made prints of your favourite neighbourhood, building or city and is not only great to hang on your own wall, but also makes the perfect gift. For example, as a reminder of a fantastic city trip, the place where you fell in love or as a reminder of your old home town.
In a short period of time, WIJCK. has become thé Dutch brand in cartographic prints and city minded products.

Designed for a life lived under the sun, Sunnylife is the world's leading summer lifestyle brand.
Born on the beaches of Sydney in 2003, the brand was established with a simple goal: to share Australia's authentic summer style with the rest of the world.
Today our products can be found on beaches, in pools and at sun drenched holiday destinations across the globe.
